

## *Index to Volumes 11–20*

*Jan Rensel, Marata Tamaira, and Judith Humbert*

ENTRIES ARE ARRANGED in a single alphabetical list, with items indexed by volume and inclusive page numbers (11:35–67). Names of AUTHORS are in capital and small capital letters. Titles of articles are reproduced as they appeared, followed by the last name of the author in parentheses. Alphabetization ignores initial articles, conjunctions, and prepositions. Each article is listed by title, last name of (first) author, approximately five subject categories, and appropriate place-names. Where articles had more than one author, secondary authors are listed by last name only, with cross-references to the primary author. Dialogue and Resources items are indexed as articles. Political Reviews are listed under the name of the political entity and the last name of the author. *Titles of books* are in italics. Place-names (mostly of political units or regions) are in boldface type. Books reviewed are listed only by last name of (first) author, films by the name of the producer, and exhibits by the name of the museum or gallery, with the last name of the reviewer in parentheses following the book, film, or exhibit title, and cross-references from the reviewer.
